Bella Center Copenhagen is located centrally in the new part of Copenhagen, Ørestad, and also the neighborhood around is developing rapidly into a modern and active part of Copenhagen. Bella Center Copenhagen is just 6 kilometers away from Copenhagen Airport and 8 kilometers away from Copenhagen city centre. Bella Center Copenhagen is also surrounded by Fields, Scandinavia’s largest shopping centre, Royal Golf Center and protected natural areas that are ideal for a jog.

**Abstract Submission Closing** 28/02/2019

**19th Congress of the European Society for Organ Transplantation**

September 15 - 18, 2019

Copenhagen, Denmark

First Announcement
Dear Colleagues, Dear Friends,

The 21st Congress of ESOT will take place in Copenhagen, the beautiful capital of Denmark. The ESOT 2019 Congress will cover all areas of transplantation, both basic science and clinical aspects. Some of the major topics of the Congress will be from ancient legends to modern miracles, the importance of advances in molecular medicine for solid organ transplantation, and tissue engineering. These, together with other hot topics from all areas of transplantation will be presented in a program developed by world leading transplant physicians, surgeons and scientists.

Solid organ transplantation has a long history in Denmark. Kiemeyer and Simon are among the world pioneers developing Transplant Immunology since the early sixties. Since then, all types of organ transplantation have been achieved in Denmark to high international standards. We are therefore delighted and honored that the ESOT selected Copenhagen as its prestigious Congress city. Copenhagen is an ideal congress city, known to be safe, eco-friendly and bike friendly capital city. It has extensive green areas and a harbor so nice that you can swim in it. Transportation from the modern congress centre to the city is easy and short, so time can be spent efficiently. After an intense day at the Congress, relaxation in cozy Copenhagen will be a delight. Get inspired enjoying new Nordic cuisine, the impressive mixture of historic and modern Danish design and architecture.Visit the Little Mermaid or take a tour through the old canals.

On behalf of the Danish Transplantation Society and on behalf of the Congress Organizing Committee we warmly welcome you to ESOT 2019 in Copenhagen.

Allen Rasmussen and Finn Gustafson
Congress Chairs

Dear Colleagues, Dear Friends,

We are truly delighted to cordially invite you to be inspired and experience real Progress at the ESOT Congress in Copenhagen, a transplant meeting of truly great scientific substance delivered in great ESOT style! The philosophy behind every ESOT Congress is that every two years we produce a truly New Congress in content and format: ESOT 2019 Copenhagen not only follows the scientific track for the best transplant congress ever! ESOT 2019 Copenhagen is designed to be Your Congress, tailoring and targeting its content to the discipline that you serve, the stage of your career journey in transplantation and your professional aspirations.

Knowledge will be delivered through a plethora of networking opportunities leading to new collaborations so that the end of the Congress will mark many new beginnings in transplantation. We aim to explore the edge of knowledge in all areas of transplantation will be presented in a program developed by world leading transplant physicians, surgeons and scientists.

We hope that you will take the opportunity to contribute by proposing your own contribution to the Congress.

The Congress Chairs

ESOT 2019 COPENHAGEN COMMITTEES

CONEGGN CHAIRS
Finn Gustafson, Copenhagen, Denmark
Allan Rasmussen, Copenhagen, Denmark

SCIENTIFIC PROGRAMME

COMMITTEE CHAIRS
Vassilios Papalois, London, United Kingdom
Allan Rasmussen, Copenhagen, Denmark

MEMBERS
Benoit Barrou, Paris, France
Erik Berglund, Stockholm, Sweden
Menna Clatworthy, Cambridge, United Kingdom
Constantino Fonediva, Barcelona, Spain
Finn Gustafsson, Copenhagen, Denmark
Luuk Hilbrands, Utrecht, The Netherlands
Franz Immern, Bern, Switzerland
Ina Jechmann, Leuven, Belgium
Nicos Kessaris, London, United Kingdom
Henri Leuvenink, Groningen, The Netherlands
Lorenzo Piemonti, Milan, Italy
Thomas Resch, Innsbruck, Austria
David Rodrigues-Arias, Madrid, Spain
Soren Schwartz Sorensen, Copenhagen, Denmark
Luca Toni, Rome, Italy
Andreas Zuckermann, Vienna, Austria

LOCAL COMMITTEE
Finn Gustafson, Mads Horsem, Copenhagen, and Permina Rodebo-Hansen, Aarhus
Paul K. Kohin, Copenhagen, Carina Lund Sorensen, Helsinri, and Michael Perch, Copenhagen
Vibeke Rammign Sorensen, Copenhagen, Nicola Schulte, and Helge C. Thuesen, Odense

AMBASSADORS INTERNATIONAL COMMITTEE
Ellis Morris Randall, Durham, USA
Hassan Argani, Tehran, Iran
Ahne Curie, Bern, Switzerland
Kathryn B. Hannen, Birmingham, UK
Elke Muller, Cape Town, South Africa
John S. Gill, Vancouver, Canada
Krishnakumar Madhavan, Braggence, Malaysia
David Sutherland, Minneapolis, USA
Avindra Soin, Cleveland, Ohio
Waldie Conception, Tokyo, Japan

THE ESOT COUNCIL
Stefan Gehrke, President
Thierry Berney, Past President
Vassilios Papalois, President-Elect
Luca Toni, President-Elect
Luisiano Potena, Treasurer
Gabriel Oncaia, Secretary
Analia Ponzos, CEO

WITH COUNCILLORS:
Orisel Bestard, Barcelona, Spain
Umberto Cillo, Padova, Italy
Frank Dor, London, United Kingdom
Luuk Hilbrands, Utrecht, The Netherlands
Maarten Nansen, Leuven, Belgium
Xavier Rogiers, Ghent, Belgium
Oliver Thaunat, Lyon, France

AND
Arne Høyvik, ECCT Chair
Robert Langer, EFTA Chair
Christophe Duvoux, ELITA Chair
Eldo de Koning, ETTRA, Chair
David Parades, ETTRA Chair
Emma Massey, ELPAT Chair
Henri Leuvenink, IERT Chair
Frank Dor, EC Chair
Gerard Brandacher, VCA Chair
Marc Van Helden, CET Chair
Zeshan Akhtar, RFT Chair
Liset Pongal, CET Chair
Rainer Oberbauer and
Thomas Vekrellis, TI Chair

FIND OUT WHAT’S NEW:
- The unthinkable donors
- Patients’ perspective
- New advancements in research and clinical applications of cell transplantation
- Cross-specialty learning
- Discussion with regulatory authorities/bodies
- New Technologies in Transplantation
- Campfires
- Absorb the vision and expertise of experts and Big Players at classroom-style learning sessions.
- The Buddy System
