

# Industry symposia

## Sunday

18:00 - 19:30  
**Room K - Red**      **CAREDX SYMPOSIUM:** Changing the Transplant Care Paradigm: Advanced Strategies for Allograft Surveillance

## Monday

08:45 - 09:15  
**Room I - White 2**      **TRANSPLANT CONNECT WORKSHOP:** New Innovations in Donor-Transplant Software

13:15 - 14:45  
**Room B - Auditorium**      **MALLINCKRODT SYMPOSIUM:** ECP Immunomodulation in SOT: A Role for Early Intervention?

13:15 - 14:45  
**Room C - Yellow**      **XVIVO SYMPOSIUM:** Extending horizons in organ transplantation

13:15 - 14:15  
**Room J - Blue**      **NATERA SYMPOSIUM:** Fresh Perspectives on Rejection Assessment: Integrating Absolute DNA Levels in Monitoring Toolkit

13:15 - 14:45  
**Room K - Red**      **EUROFINS SYMPOSIUM:** dd-cfDNA and GEP in Kidney Transplantation - Redundant or Complimentary?

16:45 - 18:15  
**Room B - Auditorium**      **NOVARTIS SYMPOSIUM:** How can we improve graft survival and patient outcomes with current and future diagnostic, monitoring and predictive tools?

18:30 - 20:00  
**Room A - Silver**      **HANSA SYMPOSIUM:** Roadmap to Transplant for the Highly Sensitized Patient

## Tuesday

08:00 - 09:00  
**Room J - Blue**      **ORGANOX SYMPOSIUM:** Normothermic Perfusion: New Horizons

08:00 - 09:00  
**Room K - Red**      **EUROFINS SYMPOSIUM:** Blazing the Pathway of Precision Medicine for Liver Transplantation

13:15 - 14:15  
**Room A - Silver**      **ONE LAMBDA SYMPOSIUM:** Clinical Applications for Gene Expression Profiling in Transplant Biopsies

13:30 - 14:30  
**Room C - Yellow**      **ORGAN RECOVERY SYSTEMS:** Oxygenated Hypothermic Machine Perfusion to Improve Liver Outcomes in Transplantation

13:15 - 14:15  
**Room F - Turquoise 1**      **AFERETICA SYMPOSIUM:** From Organ Preservation to Organ Regeneration

13:15 - 14:15  
**Room J - Blue**      **BIOTEST SYMPOSIUM:** The Incredibles 2 - Immunoglobulins in Transplantation

13:15 - 14:15  
**Room K - Red**      **CHIESI SYMPOSIUM:** Can the choice of tacrolimus formulation and personalization of therapy help achieving treatment stability?
