

## ESOT Congress 2023 – Media Policies

**By registering as a member of the media to the ESOT Congress 2023, each press member confirms their understanding and adherence to the following media policies. Failure to do so may result in expulsion from the congress.**

- The ESOT Congress 2023 press registration is open to media and press representatives only (*please note, there is no on-site press office*)
- Press are permitted to book interviews with leading experts and ESOT Committee members, but these must be arranged through the ESOT press agency, emotive.
- Public relations, marketing and advertising professionals do not qualify as media representatives.
- ESOT does not share media lists.
- Picture taking, filming and recording of the scientific programme is not allowed unless prior approval is granted by ESOT. This can be arranged through the ESOT press agency, emotive.
- The ESOT logo and ESOT Congress logo can only be used within media materials with prior written permission from ESOT. This can be requested by contacting the ESOT press agency, emotive, or the central ESOT Office.
- Any person or organisation wishing to publish a press release on an accepted abstract at the congress must ensure that the press release is embargoed until 00:01 CEST on the day of the presentation at the congress. If press releases are due to be published on any abstracts, we would kindly ask that you inform ESOT beforehand by contacting the ESOT press agency, emotive.
- Information on oral presentations or the late-breaking presentations must not be released until 00:01 CEST on the day of the presentation at the congress.
- We ask all media to respect embargoes placed on press releases.

Any media policies and activities not explicitly mentioned above need to be discussed at the earliest possible opportunity with the ESOT press agency, emotive.
